Seabird Island Band receives Financial Management System Certification

SEABIRD ISLAND BAND – Seabird Island Band (SIB) has achieved Financial Management System (FMS) Certification from the First Nations Financial Management Board (FMB). This means that SIB’s finance and administrative governance practices now meet FMB standards, which are based on internationally recognized standards of financial management.

As part of its journey in achieving FMS Certification, SIB developed a Financial Administration Law (FAL) and received FMB’s Financial Performance Certificate, making SIB eligible to borrow from the First Nations Finance Authority.

Seabird Island Chief James Harris says the FMS Certification demonstrates to community members and external partners that SIB adheres to very high standards in financial management.

“Thank you for the hard work and dedication of Seabird Council and staff,” says Chief Harris. “This certificate shows Council and Administration’s desire for greater transparency and accountability to the community.”

The strong leadership of SIB’s Chief and Council and the dedication of SIB staff were key to achieving FMS Certification. The FMB congratulates SIB on this significant achievement.
